

Vibratory Plow

The Thomas Vibratory Plow and Compact Tool carrier are a perfect match to install underground pipe or wiring with minimal ground disturbance.

The Thomas Vibratory Plow makes short work of sprinkler system and irrigation installations or placing telephone, television cable and electric wiring.

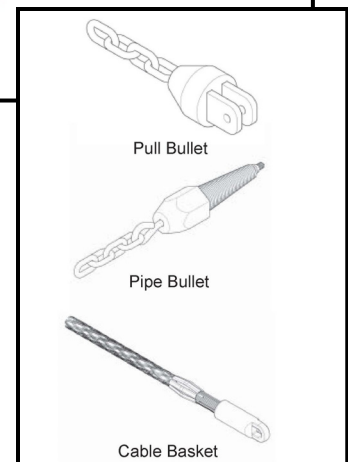

A wide selection of blades constructed of wear resistant T1 steel are available allowing cable or pipe to be buried up to 18" (457 mm) deep.

Optional equipment includes hydraulic steering which allows tighter turning Radius, a selection of blades as well as a frame mounted cable reel and a variety of pie pulling bullets and cable baskets.

The Thomas Vibratory Plow is the ideal attachment for contractors looking to increase their jobsite versatility.
